

27th August 2021

Kia ora koutou

Today you would have heard that we are still in Level 4 Lockdown until 11.59pm Tuesday 31st August and then we will move to Level 3. At alert Level 3 schools are still closed to onsite learning. At alert Level 3, all children should learn from home. Therefore our distance learning will continue to operate.

If you are an essential worker in the first instance you are encouraged to find an alternative arrangement for care of your child/ren. If you can not find an alternative arrangement you can email me by Monday 30th August. I will then make contact with you to discuss options. Our teachers are continuing to work from home offering distance learning and continuing to check in with students on their learning and wellbeing.
